# BRADFORD GIRLS' GRAMMAR SCHOOL

**INSPIRE - SUCCEED - LEAD**

Thank you to everyone who has contributed to the parent survey. The feedback has given us a good understanding of the strengths of the school and also the ways in which we can improve. Over the next couple of weeks, senior leaders will be contacting parents to get more information – we hope that you are able to support us with these conversations.

## PARENT SURVEY

Following on from our staff and student surveys, we would like to gather the views of our parents on different aspects of our school and how we can continue to improve. We would value and appreciate your feedback. Look out for the link which will be sent to you this week.

Some headlines from the survey include:

- **87% of parents believe that BGGS has high expectations for their daughters**
- **87% of parents believe that their daughter does well at this school**
- **84% of parents are pleased with the number of subjects available to their daughters**
- **84% of parents believe BGGS prepares their daughters of the next steps in their education**

## CAREER OF THE WEEK - METEOROLOGISTS

Meteorologists either research weather patterns or forecast the weather expected in the near future. Some researchers investigate how weather patterns affect the spread of disease. Forecasters could produce reports or present the weather on the radio or TV. The average salary is between £35 000 and £47 000 dependent on role and location. There are nearly 100 000 jobs in the field across the UK with over 500 in the Bradford area.
