# BRADFORD GIRLS' GRAMMAR SCHOOL

**INSPIRE - SUCCEED - LEAD**

## SCHOOL PLACES

A number of students moved out of area over the summer leaving spaces in some year groups. Please encourage families who may benefit from those places to get in touch.

## ANTI-BULLYING

Last weeks' assembly theme was anti-bullying. We encouraged all girls to report any bullying to a trusted adult. Please encourage any concerns to school.

Welcome to the 1st edition of our new newsletter for 2024-25.

There have been lots to celebrate in the first three weeks of term, including some phenomenal results from Year 11 in the summer. We wish the girls the best as they move on to their next steps. The results reflected the hard work of all the girls, families and teachers in school, showing that girls' from BGGs continue to attain higher than most schools nationally.

## CAREER OF THE WEEK

Every week we showcase a different career so our students learn about different possibilities for them beyond school.

This week's career is Agronomist. Agronomists carry out research into optimum growing conditions for crops to support farmers in producing the food we all eat. There are currently over 1300 jobs available in this field in Bradford with an average salary of between £21,800 and £24,500.
