BRADFORD GIRLS' GRAMMAR SCHOOL

ASPIRE - SUCCEED - LEAD

As we head into the Christmas break I would like to sincerely thank our students, colleagues, parents and carers for their remarkable contribution to what has been a fantastic term at Bradford Girls' Grammar School!

We are pleased that Ofsted recognised the improvements, but we are even more pleased that the student, parent and staff voice has been overwhelmingly positive about the changes in the school! We are hopeful that this partnership will be the vehicle in which we can drive positive change and improve the life chances of our incredible girls!

As well as reflecting on a successful term, we have plenty of events to look forward to next year including the introduction of different residential to ensure our girls get the experiences they deserve and welcoming some new members of staff into the school from January.

We hope that everyone enjoys the break over the Christmas period. Enjoy spending time with your loved ones and stay safe.

"Future Leaders, aspirational, strong moral values...." (BGGGS Curriculum Intent)
This term has been monumental for our girls as they continue to smash glass ceilings through living and breathing our school motto: Aspire, Succeed, and Lead – a belief that every student has the potential to achieve phenomenal success both academically and personally!

Student collections

Please can all parents be aware that during the break and lunch time of the students, BGGGS is a closed site. For safeguarding reasons we are unable to allow visitors/parents onto the school site. If you need to collect your daughter for an appointment, please do before or after 10:50- 11:30am and 1:15 - 2.30pm. If you do arrive between these times you will be asked to wait outside the school gate until break/lunch is finished.

CAREER OF THE WEEK - ENVIROMENTAL PLANNER

This week's career of the week is Environmental Planner. This career allows people to give advice on the environmental impact or sustainability of new projects or to investigate the environmental impact of existing operations. Environmental Planners take readings of pollution, calculate flood risks and advise industry on recycling and waste disposal. There are over 38 000 jobs in this sector across the UK with an average salary of £36 000.

REALATIONSHIP RESETS

Relationships Reset is a Citizens UK project involving academy trusts across the country. It seeks to challenge sexual harassment in areas such as the transport system. BDAT students have been at the forefront of the project over the past couple of years. They have met people of power, including the Mayor of West Yorkshire, Tracy Brabin, to enlist their support in challenging sexual harassment. Students from BDAT have collaborated with others across a range of trusts to co-create a website designed for teachers to signpost high-quality resources to support the effective delivery of topics such as consent.

One of the main successes of the Relationships Reset project has been the drafting of a Student Charter for Action. BDAT students were heavily involved in the writing of this document. The Charter has been signed by the CEOs of academy trusts, including TKAT, The Education Alliance, Fairfax Multi-Academy Trust, Summit Learning Trust and BDAT itself. The Charter commits the trusts to 'providing safe and inclusive learning environments for our students' and 'to address and prevent sexual harassment within our schools'. The CEOs recognise that 'by fostering a culture of respect, awareness and accountability, we strive to ensure that every student feels safe, valued and empowered to reach their full potential'.
